Owner's Service Statement

The following facilities are available at every Distributor/Dealer (as defined below) to the first and subsequent owners of each Vehicle during the period specified below.

1. The repair or replacement free of all charges (including labour charges) of any part of the Vehicle requiring repair or replacement as a result of defective material or workmanship in manufacture during a period commencing on the date of the delivery of the Vehicle in a new and unused state to the first Owner and terminating twelve months after that date or when the Vehicle has been driven 12,000 miles (whichever is the sooner).
Any part of the Vehicle repaired or replaced free of charge under these facilities will continue to have the benefit of such facilities during the balance of the relevant period, and a second or subsequent Owner will also be entitled to the facilities during the balance of such period.
These facilities do not extend to towing, recovery or re-delivery charges. Tyres, glass and batteries are also excluded from their operation.
2. In order to obtain the benefit of these facilities the Owner (as defined below) shall immediately upon discovering any alleged defect deliver the Vehicle at his own expense to a Distributor/Dealer together with particulars sufficient to enable the matter complained of to be identified. Unless otherwise requested the alleged defective part may be scrapped fourteen days after inspection by the Manufacturer or Distributor/Dealer.
3. The facilities referred to above are not available free of charge if:—
 - (i) the Vehicle has been used for competitions, racing, or record attempts, or otherwise than for the private or commercial use of the Owner;
 - (ii) the Vehicle has been abused in any way or damaged by neglect, accident or improper use;
 - (iii) the repair or replacement is necessary as a result of normal wear and tear;
 - (iv) the Vehicle has not been maintained in accordance with the Manufacturer's published recommendations;
 - (v) the Vehicle has been altered by the removal or change of the Manufacturer's identification number or marks.
4. In this document the following words have the meaning ascribed to them:—
 - (i) "Owner" means the purchaser or hirer under a hire purchase agreement of the Vehicle;
 - (ii) "Distributor/Dealer" means a person firm or company under contract with Jaguar Cars Limited (or any of its subsidiary companies) to supply or service the Vehicle.

THIS BOOKLET AND YOU

You are now the owner of a car produced by Jaguar Cars Limited, part of the British Leyland Motor Corporation, one of Europe's largest car manufacturers.

This booklet will help you obtain maximum satisfaction from your car and it will serve as a complete record of services carried out. We suggest that you always carry it in your car so that it is readily available if ever you need assistance.

Please check that your supplying Distributor/Dealer has completed the vehicle identification details at the front of the booklet.

If your car requires attention, always take it back to your supplying Distributor/Dealer. However, if you are unable to do so, you will find our world wide network of Distributors and Dealers, who are trained and equipped to give you the best possible service, fully supported by our modern comprehensive service organisation, ready to help and advise you.

We wish you safe and happy motoring.

OWNERS SERVICE STATEMENT

Please read the Owners Service Statement so that you will be fully aware of all the benefits this gives you. Always remember that normal maintenance items, such as tuning, brake and clutch adjustment, etc., are not covered by the terms of the Owners Service Statement.

AFTER SALES SERVICE

Before handing your car over to you, your supplying Distributor/Dealer has made sure it is in first class condition. Try to let your supplying Distributor/Dealer have your car for its free service as near as possible to the 1,000 miles (1500 km). If your Distributor/Dealer is unable to do this service, arrangements can be made for another Distributor/Dealer to do it instead, providing this Passport and the enclosed voucher are endorsed accordingly.

Please remember that the cost of oil and other materials used in this Service is chargeable.

PREVENTIVE MAINTENANCE

Regular maintenance carried out by qualified mechanics is the key to safety and reliability for your car.

The Owner's Handbook provided gives details of maintenance requirements, some of which, like attention to oil/water/fluid/battery levels and wheel nut tightness, are the responsibility of you, the owner.

For the more complex maintenance needs, British Leyland, through their Distributors and Dealers, offer a Maintenance Service Scheme to cover systematic maintenance at 3,000 mile (5000 km) or 3 month intervals. You will find full details in this booklet; it sets out the work to be done at prescribed intervals and so that you have a record of servicing, we provide a section for the Distributor/Dealer to stamp when the work is completed.

In some areas, the extreme climatic conditions may call for more frequent servicing or particular attention to
