**This certificate tells you whether this vehicle has been given the 'all clear' by hpi after a comprehensive search on the following registers:**

**VIN Match**
Compares the Vehicle Registration Mark (VRM) against the Vehicle Identification Number (VIN), where your dealer has provided both, to try to detect a 'ringer' or 'clone', i.e. a stolen vehicle with a false identity.

**Vehicle Identity**
Does the vehicle match the description recorded by the DVLA? Details of all road registered vehicles are recorded at hpi and the hpi check reflects information recorded on the vehicle's official V5 document.

**First Registration**
hpi confirms the vehicle's first date of registration in the UK to help establish the true value of the vehicle.

**Outstanding Finance**
Over half of new cars are bought using finance agreements, making them the property of the finance company until the debt is cleared. hpi has over 10.2 million records on this register, against which this vehicle has been searched to highlight any outstanding debt.

**Condition Alert**
Has a car been 'written-off' by an insurance company following damage or theft? hpi registers 60,000 write offs every month. Each hpi check searches over 40 million records to make sure the vehicle is not a total loss or now belongs to an insurer.

**Incident History**
This register shows vehicles that may have been involved in an incident leading to a potential 'write-off' but have not been recorded by the insurer via the condition alert register and MIAFTR.

**Condition Inspected**
hpi has a unique register of former damaged 'write-offs' which have passed an inspection against an approved standard to confirm the integrity of the repairs.

**Stolen Vehicles**
Any vehicle currently recorded by the police as stolen is highlighted in this search.

**Security Watch**
Some vehicles such as hire cars, are at special risk from fraud or theft. This register checks for vehicles that are flagged as 'at risk' and being offered for sale without the owner's consent.

**Plate Transfer**
Plate transfers are perfectly legal, but can be used to cover a dubious past. A hpi check will automatically pinpoint all plate transfers since April 1990 and make sure that none of the prior identities have anything to hide.

**Mileage**
The National Mileage Register (NMR), with over 450 million readings, can help reveal discrepancies in a vehicle's mileage history.

hpi checks are not transferable. The results shown above, for the VRM or VIN provided, were believed to be correct on the date and time they were supplied to the hpi subscriber whose name appears above. These details are very likely to change over time.
